

CALL FOR ABSTRACT 2026

All participants are encouraged to submit an abstract in English.

The abstracts will be reviewed by the Scientific Committee and selected for oral or poster presentation.

Abstract submission deadline: September 13, 2026.

When submitting the abstract, presenting authors must select one of the following topics:

- Myeloid cells in cancer
- Immunometabolism
- AI and computational oncology
- Neuro-onco immunology
- Solving three-dimensional interactions in the tumor microenvironment
- T and B cells in cancer
- Microbiota

The abstract should respect the following guidelines:

- The abstract must be submitted in English.
- Abstract title should be max 250 characters (spaces included) and should reflect the content of the abstract.
- Commercial names may not be used in the abstract title.
- No more than 10 authors can be listed. Only institutional affiliations, cities and countries should follow. One of the authors must be flagged as "Presenting author".

- Abstracts should be organized under the headings:

- o Introduction
- o Methods
- o Results
- o Conclusions

- Tables and figures can be uploaded as a separate file (JPG, max 1 page)
- The online abstract submission procedure will not accept abstracts that exceed 500 words
- Abbreviations may be used if standard or if spelled out and defined at the first use. Compounds should be mentioned with the generic name, in lower case. Commercial names are admitted in the text, with an ®, and if in brackets following the generic name, i.e. "generic (Commercial ®)"

Abstract Selection Process

The Scientific Committee will make the selection of abstracts for the oral or poster presentation by September 28, 2026.

Please note that submitting an abstract does not constitute registration for the meeting.

Selected abstract presenters will need to register by October 1, 2026.

Abstract Regulations

With the submission of an abstract to the XXIII NIBIT meeting, the presenting author:

- Accepts responsibility for the accuracy of the submitted abstract.
- Confirms that all authors are aware of and agree to the content of the abstract and support the data presented.
- Warrants that the data and conclusions presented in the abstract have not been published in the same format and with the same title prior to the date of the congress
