This is the standard font and layout for SCINT2024 abstracts. Replace this text with your text. Separate paragraphs with a carriage return. Force-justify paragraphs without indentation. Single-space your text in single-column format. Take care that special characters and math symbols, e.g.  $\gamma$ ,  $\Sigma$ ,  $\zeta$ ,  $\mu$ ,  $+$ ,  $\geq$ , display properly. Save your file as a pdf using the first author's name in the format of Last\_First.pdf and submit to the conference website [www.scint2024.com](http://www.scint2024.com).

Use standard A4 size paper = 21 cm by 29.7 cm. Do not use Letter paper. Format the document with 2.5 cm top margin and 2.0 cm margins at left, right, and bottom. Use Times New Roman, 12 point font typeface. Do not use a smaller font. Boldfaced font style is used only for the paper title. Use one line of space between the title, author(s), affiliation(s), and the abstract text. Please adhere to the single-page limit, including all titles, references, and footnotes. One figure (colored or BW) is OK as long as the abstract does not exceed 1-page.

*If you want to add a figure, use the layout with Tight Text Wrapping. If you want to add its caption, place it at the bottom of the figure and use Times New Roman, italic, 9 points, left justified.*

If there are multiple authors from the same organization, only list the organization once. References should be included in square brackets within the text [1].

Save your file as a pdf using the first author's name in the format of Last\_First.pdf. Verify that the file size does not exceed the limit indicated on the conference website and submit it. All accepted abstracts will appear online at [www.scint2024.com](http://www.scint2024.com).
